

Summer School on Air-Sea Interaction

Marie Curie Chair project

“Planetary Boundary Layer – Theory, Modelling and Role in Earth System” (PBL-TMRES)

August 28 - September 1, 2006, Helsinki, Finland

Venue: Finnish Institute of Marine Research, Dynamicum Building, Erik Palménin aukio 1, 00561 Helsinki

The summer school, organised by Dr. Kai Myrberg (Finnish Institute of Marine Research) and by Professors Sergej Zilitinkevich and Hannu Savijärvi (University of Helsinki), is one of several summer schools organised in connection with the Marie Curie Chair project “Planetary Boundary Layer – Theory, Modelling and Role in Earth System” (PBL-TMRES). This 5-day lecturing / training event will take place in the joint premises of the Finnish Institute of Marine Research and the Finnish Meteorological Institute between August 28 and September 1, 2006 in Helsinki, Finland.

Deadline for registration has been extended until **August 15, 2006**.

There is no registration fee for the Summer School.
